

Understanding Behavioral Styles for Customer Service

Improving your communications and effectiveness when interacting with customers

ON-LINE | SELF PACED COURSE

A *lthough you try to treat everyone equally, individual customers react to you differently, with uneven results. How can you improve your effectiveness?*

The answer is understanding behavioral styles. People are different. The more quickly you can establish what someone is like, the more effectively you can communicate with them.

Realizing what a person's behavioral style reveals about them allows you to react appropriately, altering your own behavior to establish a positive relationship. This course will teach you about behavioral styles, and how to apply this knowledge to establish good customer service relationships rapidly and easily.

You'll start by gaining valuable insight into your own behavioral style. Then, you'll learn to recognize and categorize the different styles of behavior you may encounter in others. As you gain practical experience, you will appreciate how personal styles impact your customer service interactions. By quickly adapting your behavior, you'll greatly increase your success with each customer.

Understanding Behavioral Styles for Customer Service gives you the skills to deal with everyone – even with people that are “challenging” or “difficult!”. These insights and techniques are also helpful when managing relationships outside of the workplace.

[COURSE OVERVIEW]

The eleven-lesson course can be taken at your own pace; average completion time is approximately two hours. Interactive graphics, audio, text, animation, quizzes and practical application exercises make every lesson so engaging and entertaining, you will be astonished at how much you've learned!
